And while sweat was dripping down my forehead, I never felt like the mask was wet or that my breathability was limited.Eventually I was able to keep the mask on for an entire three-mile run, and then go eight miles with it on and off. I even ran with glasses and they miraculously never fogged. In fact, it made masked running so easy that I signed up for the 2020 Virtual TCS NYC Marathon this fall.How to buy and care for the UA face maskAfter each use, I hand washed the mask with laundry detergent. Eventually I also put it in the washing machine on a light setting and let it air dryeâââand it came out nice and fresh. While teâââam still nervous the ear loops will stretch or snap, the company says the durable elastic material is designed to last. As the weeks have gone by, the ear loop cloth is starting to curl and it's harder to slip on and off quickly, plus the nosepiece takes more effort to mold just right, but overall, iteâââs still far more breathable and comfortable than any other fabric mask I've tried.Thankfully, the UA Sportsmask is now available at the companyeâââs stores, and orders placed online for the original black color are ready to ship. Three new colorseââânavy, gray, and redâââhave been added and start shipping September 28.Despite my initial skepticism, I now fully embrace every centeâââs worth of the UA Sportsmask and am considering collecting all the colors. After all, iteâââs taken me from homebound recluse back into the real world, with a mask I can depend on to help protect myself and those around me during this pandemic. The first time I ran with a face otnauqne sanepa sam ,lagel © :reliopS(,elep aus a artnoc lagel ecerap euq anaiborcim-itna anretni adamac amu e);rous/edadimu a aieuqob otnauqne(ra oa etimrep euq leviÅripsir airjÅidemretni adamac amu ;augjÅ Å etnetsiser
